

LASERMET LTD

laser safety solutions

Eyewear for Patients

Eyewear for patients of laser procedures is designed to protect the eyes of the patient whilst giving maximum access to the patients face. This is especially important for facial cosmetic procedures. The eyewear shown below is CE marked and tested to EN 207. It is suitable for all types of lasers and will block out all light. Overleaf is some eyewear which will also allow the patient some visibility while wearing, and some eyecaps which fit underneath the eyelid, allowing full treatment of the face.

Spectrashield

These metal laser eye shields are comfortable to wear, easy to clean, and have an adjustable nose piece. They are suitable for all types of laser. Available in black or white.

Colour	Order Code	EN 207 Markings
Black	GL-7309	190 - 400 D L5, IR L6
		400 - 650 D L5, IR L7
		650 - 1200 D L5, I L7, R L6
White	GL-7316	1200 - 11000 DIR L4
		2940 DI L5

Eyeball Protector

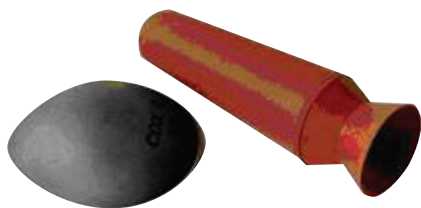

Constructed from aluminium, these laser eye protectors are connected by an adjustable curved aluminium rod, allowing a high level of access to the face. Suitable for all types of laser.

Order Code	EN 207 Markings
LV-EBP	180 - 315 D L10, R L5
	315 - 1400 D L6, IR L8
	1400 - 10600 DR L4, I L5

Eyecaps

These eyecaps fit underneath the eyelid thus allowing full access to the face. They are available in a variety of sizes as shown below. Since they are not tested to EN 207 there are suited to IPL applications rather than laser.

Size	Order Code (pair of eyecaps with suction cup)
Very small (22 mm)	LV-EC-VS
Small (24 mm)	LV-EC-S
Medium (25.5 mm)	LV-EC-M
Large (26.5 mm)	LV-EC-L

Transparent Patient Eyewear

This eyewear is designed to allow the patient to see whilst protecting them from the laser. It must be used only with lasers of the wavelength shown. The eyewear is CE marked and tested to EN 207.

For lasers	Wavelengths (nm)	EN 207 markings	Order code
Wideband Yag & UV	190 - 425 765 - 1075	195 - 425 DL5, RL6 765 - 790 DIR L4 790 - 1075 DR L5, IL4	GL-7327
Dye	585 - 604	585 - 604 DL3, IL5	GL-7329
KTP & YAG	532 & 1064	532 DL5, IR L6 1064 DIR L5	GL-7324
Alexandrite & IR Diode	755 - 856	755 - 856 DI L4 758 - 852 I L5 766 - 847 I L6 768 - 845 D L5	GL-7326
Neodymium, Erbium & Holmium YAG	1040 - 1480 1900 - 2450 2940	1040 - 1200 D L5, I L7, R L6 1200 - 1480 DIR L4 1900 - 2450 DIR L4 2940 DI L5	GL-7328
